**CERTIFICATION OF DEVON TYLER  
BARBER**

**IN SUPPORT OF RECORD  
CLARIFICATION**

I, **Devon Tyler Barber**, of full age, certify as follows:

1. I submit this Certification for the limited purpose of preserving record integrity and addressing information disclosed during discovery review concerning internal law-enforcement characterizations related to the November 29, 2025 traffic stop.
2. Through discovery intake, I became aware of an internal follow-up memorandum referencing a potential submission to the New Jersey Suspicious Activity Reporting System (NJSARS), in which I was described as “displaying sovereign citizen ideologies.”
3. I certify that I do not deny the authority of the State of New Jersey, its courts, or its lawful officers. I have not asserted that laws are inapplicable to me, nor have I refused lawful process on jurisdictional grounds.
4. To the contrary, my conduct—both before and after the November 29, 2025 incident—reflects consistent reliance on lawful systems and due-process mechanisms, including maintaining State licensure and regulatory compliance, operating registered business entities, engaging administrative agencies, and invoking judicial review where appropriate.

5. I further certify that during the November 29, 2025 encounter I did not threaten officers, attempt to flee, obstruct lawful commands, or deny the legitimacy of the stop or of police authority. Any assertion of rights was verbal, non-violent, and made in a cooperative manner.
6. The discovery materials reviewed to date include contemporaneous officer statements questioning escalation decisions during the stop, including remarks reflecting that the encounter involved a traffic-level offense rather than criminal or dangerous conduct. Those statements are consistent with my own understanding of the encounter.
7. I certify that any perception of “sovereign citizen ideology” appears to have arisen from misunderstanding, mislabeling, or contextual interpretation of my assertion of rights, rather than from any conduct involving threat, obstruction, refusal of lawful orders, or denial of governmental authority.
8. This clarification is significant because labels unmoored from conduct may improperly influence discretionary decision-making and escalation, despite the absence of objective criminal indicators.
9. This Certification is submitted solely to ensure the record accurately reflects my lawful posture and to prevent mischaracterization of protected speech or rights-assertion as indicia of criminality. It is not offered to expand argument on the merits or to seek relief beyond that already requested.

I certify that the foregoing statements are true. I am aware that if any statement herein is willfully false, I am subject to punishment.
